

## Braider Partnership Program

### Program Overview

Urban Meet Braid Shop connects clients seeking professional braiding

services with vetted independent braiders. We handle marketing, client bookings, and client acquisition so braiders can focus on their craft. In return, Urban Meet receives **20% of each client's service fee**.

The Braiders Partnership Program ensures braiders get consistent clients. It's simple, transparent, and scalable.

### How the Program Works

#### Step 1: Braider Onboarding

- Interested braiders submit their portfolio and proof of experience.
- Urban Meet reviews and approves braiders to ensure quality.
- Braiders agree to the **20% referral fee per client**.

## Step 2: Client Referral

- Urban Meet markets braiding services through social media, ads, and referrals.
- Clients book appointments through Urban Meet's platform.
- Braiders are matched to clients based on:
  - Style specialty
  - Availability
  - Location

## Step 3: Service Completion

- Braider completes the appointment with the client.
- The remaining Payment is collected from the client and paid directly to the braider.
- Urban Meet takes **20% of the client's service fee (when client books an appointment)**, and the remaining **80% goes to the braider after completion of appointment**.
